

## Earn **\$100+** A Day Giving Away This **FREE** PDF Report As Your Own!

In this simple but powerful guide you will be shown how you can give away this very guide itself and start easily earning \$100 a day. Let's begin.

This method of earning an income is called the **A.S.L.I.F** which an acronym meaning **A**utomatic **S**elf **L**iquidating **I**ncome **F**ormula.

With this formula you earn an income from the actions of other people and at the same time put them in the same position to copy what you do to also earn an income.

It works by purchasing a low cost product, that after purchasing, gives you the opportunity to become an

affiliate and earn commissions whenever anyone new purchases from your link.

What makes it so profitable is that you only purchase the product once but are able to sell it over and over again because it's a digital product.

All you need to become an affiliate is to apply after purchasing the course.

At the time of creating this guide, the price of the low cost product that I recommend is \$5.60. Remember to apply to become an affiliate.

Every time someone purchases it from your affiliate link you earn \$5. The following steps show you how to apply to become an affiliate.

### Step 1

**To Review The Official Site For Purchase.**

After making your purchase login to the system to access the course and confirm that you logged in with your user name and password by viewing your username at the top right hand corner.

## Step 2

Hover your mouse where you see 'Affiliate' and when the table drops down, select 'offers'. The demonstration image is shown below.

## Step 3

When the next page drops down type the term 'secret email system' in the search area then select 'search' shown at the right.

## Step 4

On the right hand side you will see 'Request' instead of 'Get Link'. Mine says Get Link because I have already been approved.

Ask to be approved to promote based upon the fact that you are impressed with the course and would like to be approved to promote.

If you don't get immediate approval check back in the next 8 to 12 hours for approval. Then click on 'Get Link' after which a new table will pop up.

Place your mouse cursor over the link, right click on it then hit copy link. You should now paste in a text document.

## *Congratulations*

For completing all the steps above.

Below are some of the methods of sharing that have given me great success.

### **Method 1.**

I called up five friends and told them up front that I just started an internet business and I need their support.

I told them up front that I want them to purchase a product from me for \$5.60 and let them know that when they purchase it I will get a \$5 commission and will prove to them that I earned the commission.

All of them purchased because they could afford the \$5.60. I then logged into my account and showed them my immediate commission.

**BOOM!** Proof of commissions. It's now their time to rock and roll.

## Method 2.

Create a new Telegram account, invite people to join and place this very pdf there for them to copy what you do.

## Method 3

I went to a site called Fiverr, paid \$5 to have them share my PDF on hundreds of sites. You need to do it too. It works great.
